

Buddy® System

Jameson conduit rodders and fish tapes combine to offer a system of buddies to meet all your needs. With a non-conductive solid fiberglass core rod and high-visibility orange polymer outer sheath, they offer an unparalleled combination of strength, flexibility and safety.

Accessories

| | |
|-------------------------------|---|
| Roller Guide | Guides rod around bends, sweeps, misalignments and wires |
| Swivel Eye | Attaches to end fitting of rod so pull line can be attached to rod |
| Stinger Tip / Flexible Leader | Guides rod around bends, sweeps and misalignments |
| Swivel Coupling | Connects two rods when single length is not long enough; provides rotation when pulling line, wire or rope. |
| Shackle Fitting | Use with Swivel Eye for larger pulling loop to attach pulling eye. |
| Grapple Set | Connect two rodders from opposite directions |
| End Ferrule Repair Kit | End Ferrule, Glue, Emery Cloth |
| Splice Repair Kit | Splice Ferrule, Glue, Emery Cloth |
