Hardware F-Z >> Pole Steps

Detachable

[Print This Page](#)

Features:

- Detachable Pole Steps are used to prevent unauthorized climbing to the point on a pole where permanent steps are installed.
- A special 9/16 x 4-inch fetter drive lag screw permanently attaches the mounting plate to the pole. twisting is prevented by a punched projection.
- A nail hole is also provided.
- The detachable steps can be hung from the lineman's belt.
- When attached to the pole, they extend 5-1/2 inches.
- Steps are turned up at the outside edge to give linemen a steady foothold.

Material:

- Hot Dip Galvanized
